Welcome to Zircon Exports.

Where Excellence Meets Innovation in Timber Solutions

At **Zircon Exports**, we don't just provide timber products; we deliver a legacy built on decades of trust, unwavering quality, and continuous innovation. From sourcing the finest materials to adopting the latest technologies, our mission is to consistently redefine the standards of excellence in the timber industry. Since our establishment in the mid-1970s by the visionary **Shri Raj Kumar Jajodia**, we have been dedicated to transforming the timber industry by offering premium products and unparalleled service.

Over the years, we have grown into a leading name in pine sawn timber and imports, serving customers across industries and geographies. With a state-of-the-art facility in Kandla, Gujarat, and a team of skilled professionals, we ensure that every product we create meets the highest standards of quality and durability.

About Us: A Journey of Over 50 Years

Our story is one of passion, dedication, and continuous evolution. Founded with the mission to redefine timber solutions in India, Zircon Exports. has spent decades perfecting the art of timber processing.

What began as a small initiative to meet the growing demands of the Indian market has now evolved into a global enterprise, catering to diverse industries, including construction, furniture, and industrial manufacturing.

At the heart of our operations is our **14-acre plant** in port city Kandla, equipped with advanced technology and staffed by a dedicated team of professionals committed to delivering excellence.
